

MADE IN U.S.A

SUNPRO DELUX TEST EQUIPMENT KIT CP-7728

Make accurate timing reliable.

These Actron timing lights have a molded inductive pick-up, which clamps over spark plug wire to make hookup easy. They include heavy-duty 6 ft. leads with color-coded insulated battery clamps, a power tool trigger switch, a linear xenon flash tube, and a focused Fresnel lens that provides light bright enough for use in broad daylight

TIMING LIGHT Specification

Power Supply:	12 V DC
Works on Points Ignition:	Yes
Works on Electronic Ignition:	Yes
Works on Computer Controlled Ignition:	Yes
Timing Light Material:	Plastic
Timing Light Finish:	Red
Inductive Pickup Included:	Yes

ANALYZER Specification:

Designed for tune-up and troubleshooting ignition system, battery, voltage regulator, alternator and starter circuits with 10 test functions. Features clamp-on inductive pick-up for fast safe hook-up. Works on all distributor ignition systems found on 2 cycle, 4 cycle and rotary engines. Features rugged D'Arsonval meter.

10 Test Functions:

- Dual RPM scales
- Direct reading dwell on 4, 6 and 8 cylinders
- Dual voltage scales
- Dual ohms scales
- Amps scales
- Points resistance scale
- LED ignition condition indicator

Features:

- High impact, durable plastic case
- Clamp-on inductive pick-up attaches fast and saves time
- 2 and 4 cycle switch
- compatible with magneto or Capacitive Discharge Ignition (CDI) systems
- Solid state circuitry
- Requires one 9 volt and one "C" battery for ohms function

VACUUM & PRESSURE TESTER

Fine tunes carburetion and timing peak for maximum fuel economy. Easy to read 0-30 inches vacuum and 0-10 pounds of pressure scales with metric scales also shown.

- Fuel pump pressure
- Mechanical condition of the engine
- Vacuum control system function
- Leaks in intake manifold, manifold and head gaskets.
- 3- 1/2" diameter face
- Made in U.S.A.

Remote Starter Switch.

Allows one person to start or crank engine from under the hood. Ideal for conducting compression test or bumping engine onto TDC (top dead center) timing marks for valve, distributor or camshafts adjustment work. Designed to reach all around the engine compartment with extra long leads.

- Power tool type trigger switch and grip
- Heavy duty neoprene leads
- Alligator clips with insulated boots
- Made in U.S.A.

Sole Distributor:

Khalid motors & Diagnosis Centre (Pvt.) Ltd.

Display Centre: 68- 7/c Mozang Road Lahore, 54000- Pakistan.
